**Overall Length:**

4.842 inches

**Center To Center Distance Between Mounting Facilities Parallel To Length:**

4.562 inches

**Mounting Facility Quantity:**

2

**Handle Clearance:**

1.220 inches

**Thread Size:**

0.190 inches

**Special Features:**

Coated with rubber /epoxy powder/ 0.020 in. Min 0.040 in. Maximum thk

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-200/8, t6 federal specification single material response or qq-a-225/8, t6 federal specification single material response

**Thread Series Designator:**

Unf

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A250a0
