Securing Device Type:

Threaded fastener

End Application:

F-15c/d/e/i/j/s acft

Product Name:

Cover, access, aerial refueling receptacle

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531c0
