Special Features:

P/n 90-1417-3003 is made from one 90-1417-7 doubler, one 90-1417-3007 access door; 14 fastener holes

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, alloy alcaid 2024, 0 federal specification single material response

Surface Treatment Specification:

F-2.115 mfr ref 1st treatment response and f-2.130, cage 81205 mfr ref 2nd treatment response

Fsc Application Data:

A/c model e-3a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531c0
