Tube Outside Diameter For Which Designed:

3.125 inches

Overall Diameter:

Between 3.185 inches and 3.265 inches

Design Type:

Friction

Inside Diameter Length:

1.380 inches

Round Cap Outside Surface Condition:

Smooth

Material:

Plastic polyethylene

Material Specification:

L-p-390 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0

Mil-std (military Standard):

Mil-c-5501 spec.
