End Application:

F4c/f4d acft

Product Name:

Original drawing name-side rail assembly radome wire bundle

Special Features:

Witem's oa lg is 6.840 in.; oa width5.030 in.; thickness 0.040 in; item requires 2screws p/n nas229-8&4 screws p /n an515-8r6; 4 washers p/n an960d86n&2 washer p/n an960d10l; item's function is to guide hydraulic hose to prevent chafing

Material:

Aluminum alloy

Material Specification:

Qq-a250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
