Width:

1.563 inches

Criticality Code Justification:

Matt and sftt

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09900

Mil-std (military Standard):

Mil-a-8625 spec.
