Overall Height:

0.0890 inches

Bore Diameter:

Between 0.7670 inches and 0.7720 inches

Material Hardness Rating:

Between 31.0 rockwell c and 39.0 rockwell c

Design Type:

Solid

End Diameter:

Between 0.8980 inches and 0.9060 inches

Distance From End To First Step:

Between 0.0360 inches and 0.0380 inches

Counterbore Length:

Between 0.0360 inches and 0.0380 inches

Material:

Steel, corrosion resisting

Material:

Stainless steel

Style Designator:

Seat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-e
