Mounting Method:

Unthreaded hole

Special Features:

Special shape; tongue 0.280 from edge 0.270 lg x 0.600 w bent 96 degrees on 0.030 radius; flat 0.370 lg x 1.160 w; mounting tab 0.360 lg x 0.740 w w/2 slots 0.125 w x 0.190 lg 0.400 c-to-c along width 0.170 from slot edge; 2 legs 0.180 w 0.800 apart bent 125 degrees through 0.380 radius; each leg 0.480 lg to 24 degrees bend through 0.190 radius to 0.180 lg; tongue and first leg bend in same direction; mounting tab and second leg bend opposite to tongue bend; 0.020 thk matl

Material:

Copper alloy 170 or copper alloy 172

Material Specification:

Astm b194 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
