Cross Sectional Shape:

Square or rectangular recess

Width:

15.570 inches

Edge Shape:

Rectangle, multi holes

Length:

18.800 inches

Inside Width:

0.3750 inches

Hole Quantity Along Length:

10

Hole Quantity Along Width:

8

First Recess Inside Height:

Between 0.135 inches and 0.145 inches

Body Thickness:

Between 0.050 inches and 0.060 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531c0
