Diameter:

Between 0.376 inches and 0.383 inches

Special Features:

Part consists of 1 bushing nas538b6-50 and 1 block p/n 11072143

Surface Treatment:

Chromate aperture and zinc aperture

Surface Treatment Specification:

Mil-p-8585 military specification all treatment responses aperture

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10600

Mil-std (military Standard):

Mil-p-8585 spec.
