**End Application:**

M1

**Special Features:**

length 2.12 in; height 1.499 in; distance between firsthole and second hole 1.125 in; thickness 1.000 in; 2 holes; hole diameter 0.404 in; counter bore diameter 0.720in

**Material:**

Steel

**Material Specification:**

Sae 4140 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A536n0
