End Application:

M1

Special Features:

length 2.12 in; height 1.499 in; distance between firsthole and second hole 1.125 in; thickness 1.000 in; 2 holes; hole diameter 0.404 in; counter bore diameter 0.720in

Material:

Steel

Material Specification:

Sae 4140 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A536n0
