Hole Diameter:

0.144 inches

Material Thickness:

0.072 inches

Overall Width:

1.125 inches

Width:

0.635 inches

Overall Length:

0.625 inches

Overall Length:

2.469 inches

Tongue Width:

0.500 inches

Design Type:

Claw engaging

Operation Method:

Lever

Hole Quantity:

2

Tongue Length:

0.260 inches

Engaging Surface Width:

0.500 inches

Overall Height:

0.406 inches

Catch Strike Style:

Mortise

Surface Hole Diameter:

0.144 inches

Surface Hole Quantity:

2

Material:

Steel comp 1010

Material Specification:

Aisi assn standard single material response or sae assn standard single material response

Surface Treatment:

Zinc

Style Designator:

Lever

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
