**Securing Device Type:**

Hinge

**End Application:**

An/alq-153 v; digital data signal processor test set

**Features Provided:**

Handle for opening, lifting, closing, or the like

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-250/8 federal specification all material responses

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A531n0
