Cross Sectional Shape:

Flat

Width:

3.700 inches

Edge Shape:

Rectangle, no holes

Length:

4.150 inches

Body Thickness:

0.032 inches

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8, h32 federal specification single material response

Fsc Application Data:

Electronic countermeasure an/alq-99

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
