Cross Sectional Shape:

Flat

Width:

Between 7.485 inches and 7.495 inches

Length:

Between 8.870 inches and 8.880 inches

Body Thickness:

0.094 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
