Overall Length:

5.030 inches

Overall Height:

0.750 inches

Overall Width:

3.040 inches

Material Thickness:

0.250 inches

Mounting Hole Diameter:

Between 0.281 inches and 0.288 inches

End Application:

W/s: aircraft, hornet f/a-18

Center To Center Distance Between Cup And Mounting Hole:

3.130 inches

Criticality Code Justification:

Bwqy

Material:

Steel, ams 5643

Material:

Steel comp 630

Material Specification:

Ams 5643 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T319-a
