Diameter:

Between 1.123 inches and 1.125 inches

Thickness:

Between 0.745 inches and 0.755 inches

Machined Surface Finish:

Rough

Special Features:

All ends chamfered 0.125 in. Lg by 45.0 deg

Material:

Copper alloy

Material Specification:

Cage 03306, ampcoloy c-3 (wrought) mfr ref single material response or cage 03306, ampco 18 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539r0
