Diameter:

Between 0.151 inches and 0.161 inches

Length:

Between 0.177 inches and 0.197 inches

Cross-sectional Shape:

Round

Material:

Plastic

Material Specification:

Mil-p-18177, type gee military specification single material response

Style Designator:

Internally threaded full length

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08900

Mil-std (military Standard):

Mil-p-18177 spec.
