Overall Diameter:

0.672 inches

Design Type:

Friction

Material:

Aluminum alloy

Material Specification:

Qq-a-200/8, t651 federal specification single material response or qq-a-225/8, t651 federal specification single material response

Surface Treatment:

Chromate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539I0
