Overall Length:

12.190 inches

Overall Width:

7.450 inches

Overall Thickness:

0.507 inches

Mounting Facility Quantity:

3

Mounting Method:

Unthreaded hole

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Fh195, class 1, type 2, abex industries of canada, ltd mfr ref single treatment response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
