Width:

4.625 inches

Thickness:

Between 0.240 inches and 0.260 inches

Length:

7.625 inches

Mounting Hole Diameter:

0.406 inches first hole

Mounting Hole Quantity:

4

Mounting Hole Type:

Unthreaded

Mounting Configuration:

There are four holes, one located in each corner; they are located 0.312 from both the width and length; the distance between the holes along the width is 4.000 inches and 7.000 inches between holes along the length; there are two holes located 1.938 from left sides hole to center of two holes along the length and the second set of two are located 3.125 inches along the length from first set of two holes center; the first two holes along the width are located 1.312 inches from upper left hand corner hole center to center of holes along the width and the second set of two holes are located 1.625 inches from center of first of two holes to center of hole of second set along the width

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Surface Treatment:

Chromate

Shape:

Rectangular

Surface Treatment Specification:

Mil-c-5541 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530d0

Mil-std (military Standard):

Mil-c-5541 spec.
