Tube Outside Diameter For Which Designed:

0.156 inches

Overall Diameter:

0.215 inches

Design Type:

Friction

Inside Diameter Length:

0.185 inches

Round Cap Outside Surface Condition:

Smooth

Material:

Aluminum alloy

Material Specification:

Qq-a-225/8, t4 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
