**Tube Outside Diameter For Which Designed:**

1.120 inches

**Overall Diameter:**

1.250 inches

**Design Type:**

Friction

**Inside Diameter Length:**

0.680 inches

**Round Cap Outside Surface Condition:**

Smooth

**Special Features:**

Color black no. 37038 fed-std-595

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-225/6, alloy 2024, temper t4 federal specification single material response

**Surface Treatment:**

Anodize

**Surface Treatment Specification:**

Mil-a-8625, type 2 military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A539k0

**Mil-std (military Standard):**

Mil-a-8625 spec.
