Tube Outside Diameter For Which Designed:

1.120 inches

Overall Diameter:

1.250 inches

Design Type:

Friction

Inside Diameter Length:

0.680 inches

Round Cap Outside Surface Condition:

Smooth

Special Features:

Color black no. 37038 fed-std-595

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, alloy 2024, temper t4 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0

Mil-std (military Standard):

Mil-a-8625 spec.
