Width:

0.620 inches

Overall Height:

1.329 inches

Material Thickness:

0.032 inches

Length:

1.060 inches

Special Features:

Prongs looped, 0.127 in. Min, 0.141 in. Maximum dia; cutout near side, 0.240 in. W, 0.380 in. Lg

Material:

Copper alloy

Material Specification:

Qq-c-533, temper a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
