**Diameter:**

0.312 inches

**Thickness:**

0.125 inches

**Special Features:**

0.030 in. By 45 degree chamfer on one face

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-200/5, 5086-h111 federal specification single material response or qq-a-200/4, 5083-h111 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A539r0
