Diameter:

0.312 inches

Thickness:

0.125 inches

Special Features:

0.030 in. By 45 degree chamfer on one face

Material:

Aluminum alloy

Material Specification:

Qq-a-200/5, 5086-h111 federal specification single material response or qq-a-200/4, 5083-h111 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A539r0
