**Tube Outside Diameter For Which Designed:**

1.500 inches

**Design Type:**

Friction

**Round Cap Outside Surface Condition:**

Serrated

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-225/6, alloy 6061 federal specification single material response

**Specification Data:**

26512-gc560 manufacturers specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A539k0
