Tube Outside Diameter For Which Designed:

1.500 inches

Design Type:

Friction

Round Cap Outside Surface Condition:

Serrated

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/6, alloy 6061 federal specification single material response

Specification Data:

26512-gc560 manufacturers specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
