Hole Diameter:

Between 0.115 inches and 0.120 inches

Width:

Between 0.620 inches and 0.640 inches

Material Thickness:

0.010 inches

Length:

2.410 inches

Mounting Method:

Unthreaded hole

Material:

Copper alloy 172

Material Specification:

Qq-c-533, alloy 172 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
