Diameter:

0.250 inches

Length:

Between 0.735 inches and 0.740 inches

Cross-sectional Shape:

Round

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2 military specification single treatment response

Style Designator:

Internally threaded full length

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08900

Mil-std (military Standard):

Mil-a-8625 spec.
