Center To Center Distance Between Mounting Facilities Parallel To Width:

0.875 inches

Special Features:

Made from fscm 14608 part number 3284, 4 mtg holes 0.177 in. Dia

Material:

Steel

Surface Treatment:

Cadmium and chromate

Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A250a0
