**Diameter:**

Between 0.424 inches and 0.428 inches

**Thickness:**

Between 0.059 inches and 0.061 inches

**Special Features:**

Top of diameter chamfered 45 degrees by 0.035 in. Depth

**Material:**

Steel comp 410

**Material Specification:**

Qq-s-763 federal specification single material response

**Surface Treatment:**

Passivate

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A539r0
