Mounting Hole Type:
Plain
First Leg Length:
2.880 inches

Second Leg Length:
5.450 inches

Reinforcement Method (non-core):
Gusset center section
First Leg Thickness:
1.000 inches

Second Leg Thickness:
1.000 inches

First Leg Hole Arrangement Style:
No hole
First Leg Angle:
90.0 degrees

Special Features:
Second leg has six holes with 0.098 in . Dia; bracket is left hand
Material:
Aluminum alloy 7075

## Material Specification:

Qq-a-250/12 t651 federal specification single material response
Style Designator:
Angle
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A042a0
