Mounting Hole Type:

Plain

First Leg Length:

2.880 inches

Second Leg Length:

5.450 inches

Reinforcement Method (non-core):

Gusset center section

First Leg Thickness:

1.000 inches

Second Leg Thickness:

1.000 inches

First Leg Hole Arrangement Style:

No hole

First Leg Angle:

90.0 degrees

Special Features:

Bracket is right hand and second leg has six holes with 0.098 in. Dia

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 t651 federal specification single material response

Style Designator:

Angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
