**Mounting Hole Type:**

Plain

**First Leg Length:**

2.880 inches

**Second Leg Length:**

5.450 inches

**Reinforcement Method (non-core):**

Gusset center section

**First Leg Thickness:**

1.000 inches

**Second Leg Thickness:**

1.000 inches

**First Leg Hole Arrangement Style:**

No hole

**First Leg Angle:**

90.0 degrees

**Special Features:**

Bracket is right hand and second leg has six holes with 0.098 in. Dia

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/12 t651 federal specification single material response

**Style Designator:**

Angle

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A042a0
