Material Thickness:

0.062 inches

Overall Length:

0.625 inches

Tongue Width:

0.500 inches

Design Type:

Claw engaging

Operation Method:

Lever

Engaging Surface Width:

0.500 inches

Overall Height:

0.406 inches

Catch Strike Style:

Mortise

Surface Hole Diameter:

0.144 inches

Surface Hole Quantity:

2

Material:

Stainless steel pin

Material Specification:

Sae assn standard single material response catch

Surface Treatment:

Cadmium

Style Designator:

Lever

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
