Cross Sectional Shape:

Flat

Width:

17.880 inches

Edge Shape:

Rectangle, no holes

Length:

23.880 inches

Body Thickness:

1.190 inches

Securing Device Type:

Friction catch

Material:

Aluminum

Material Specification:

Qq-a-250/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
