**Diameter:**

Between 0.240 inches and 0.246 inches

**Thickness:**

Between 0.023 inches and 0.027 inches

**Machined Surface Finish:**

Smooth

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-250/8, h32 federal specification single material response

**Surface Treatment:**

Nickel

**Surface Treatment Specification:**

Mil-c-26074, class 3, grade b military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A539r0

**Mil-std (military Standard):**

Mil-c-26074 spec.
