## **Overall Length:**

4.843 inches

## Center To Center Distance Between Mounting Facilities Parallel To Length:

4.562 inches

## **Mounting Facility Quantity:**

2

#### Handle Clearance:

1.219 inches

#### **Thread Size:**

0.190 inches

#### **Special Features:**

Finish semi-frost anodize

#### Material:

Aluminum alloy 6063

#### Material Specification:

Qq-a-200/9, t5 federal specification single material response

#### Surface Treatment:

Anodize

## Surface Treatment Specification:

Mil-a-8625, type 2, class 1 military specification single treatment response

#### **Thread Series Designator:**

Unc

#### Shelf Life:

N/a

## Unit Of Measure:

---

## Demilitarization:

No

## Fiig:

A250a0

## Mil-std (military Standard):

Mil-a-8625 spec.
