Width:

0.188 inches

Mounting Method:

Unthreaded hole

Section Length:

Between 20.420 inches and 20.480 inches

Special Features:

Contains 4 holes, 0.193 in. Min to 0.203 in. Maximum dia, countersunk 0.385 in. Min to 0.411 in. Maximum diameter by 100.0 degrees

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
