**Width:**

0.188 inches

**Mounting Method:**

Unthreaded hole

**Section Length:**

Between 20.420 inches and 20.480 inches

**Special Features:**

Contains 4 holes, 2 on each end, 0.193 in. Min to 0.203 in. Max, countersunk 0.385 in. Min to 0.411 in. Maximum by 100.0 degrees

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-200/8, t6 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03100
