Overall Diameter:

Between 1.248 inches and 1.250 inches

Design Type:

Threaded

Inside Diameter Length:

Between 1.142 inches and 1.150 inches

Material:

Aluminum alloy

Material Specification:

Qq-a-225/8, t651 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
