Securing Device Type:

Special

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/p, t4 federal specification single material response

Surface Treatment:

Oxide film

Surface Treatment Specification:

Mil-c-5541 ty ii, grade c, class 3 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0

Mil-std (military Standard):

Mil-c-5541 spec.
