Special Features:

Steel, corrosion resisting; 3.170 in. Lg; 0.625 in. W; 1.250 in. H; 0.138-32 unc-2b nut self locking four place; ; 0.156 in. Hole diameter two places along the lg; 1.250 in. Distance between hole centers; 0.130 in. Hole diameter one place along lg; 0.093 in. Hole diameter one place along lg; 0.047 in. Radius notch one place along lg; 2.562 in. Distance between threaded hole centers along the lg top section

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
