Width:

14.000 inches

Edge Shape:

Rectangle, no holes

Length:

15.250 inches

Body Thickness:

0.125 inches

Securing Device Type:

Hinge and special

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 h32 federal specification single material response

Surface Treatment:

Primer zinc chromate

Surface Treatment Specification:

Tt-p-1757 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
