Overall Length:

1.030 inches

Overall Width:

0.750 inches

Special Features:

Two threaded through holes 0.112-40unc-2b spaced 0.684 in. Apart; one face arc shaped full length 0.910 in. Radius

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t6 sfttdcma000 federal specification single material response

Surface Treatment Specification:

Mil-c-5541, cl 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A105a0

Mil-std (military Standard):

Mil-c-5541 spec.
