Inside Diameter:

Between 0.590 inches and 0.591 inches

Outside Diameter:

Between 1.240 inches and 1.250 inches

Material Thickness:

Between 0.414 inches and 0.416 inches

End Application:

Centrifugal compressor, aircraft model p-3

Material:

Steel, ems630, comp 1144, airesearch mfg co

Material:

Steel comp 1144

Material Specification:

Ems630, comp 1144, airesearch mfg co mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23700
