Slot Width:

0.310 inches

Slot Length:

0.620 inches

Width:

9.620 inches

Flange Thickness:

1.000 inches

Length:

109.000 inches

Hole Quantity Along Length:

5

Distance Between Holes Along Length:

24.000 inches

Mounting Opening Shape Style:

Closed horizontal slot

Special Features:

0.412 in. Diameter min, 0.405 in maximum dia, 2 holes; and 2 nuts welded

Material:

Steel comp 1008 or steel comp 1009 or steel comp 1015 or steel comp 1018 or steel comp 1020

Material Specification:

Astm a 568 assn standard single material response

Surface Treatment:

Paint polyurethane

Surface Treatment Specification:

Mil-c-46168 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0

Mil-std (military Standard):

Mil-c-46168 spec.
